Back End Developer

Henry | Venezuela, Portuguesa | September-2022-October-2022

Worked in the BackEnd area for the development of the HenryCommerce project, using NodeJS, Express, MongoDB, Mongoose, MongoDB Atlas, Firebase, JWT.

My main contributions were the authentication of users using JWT, the deployment of the API of our project and I contributed part of my time in collaborating with my colleagues to answer questions and help them. I learned MongoDB, Mongoose, MongoDB Atlas, JWT and Firebase technologies. Improve my conflict resolution and communication skills with my team.
